
BOOK READING

By U.S. Army Veteran & Idaho Author Bill Brockett

Multimedia

Bill has developed a multimedia show that goes through his book, chapter-by-chapter. From his upbringing in southern California to his many one-on-one meetings with President Ford, Bill shares incredible stories in a fun, easy to read way.

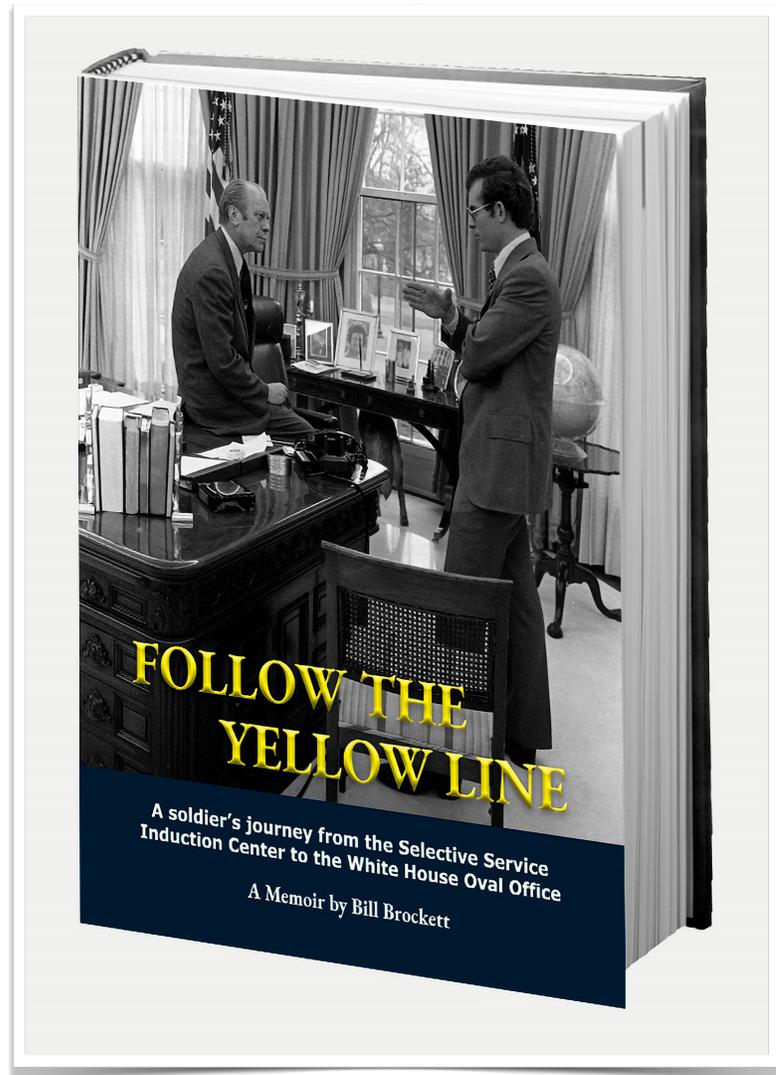

Readings

Bill will share several of his very unique experiences in both the Nixon and Ford White Houses accompanied by many, mostly never before published, White House photos and documents.

Questions

Bill encourages any and all questions during his presentation and leaves ample time at the end for additional discussion with his audience.

Military veterans will especially enjoy his program. Bill is a 100% disabled Army veteran due to a basic training accident he talks about in his book.
